

SKELLY ON WITNESS STAND TESTIFIED IN HIS OWN BEHALF TODAY

Said His Wife Screamed and on Rushing to the Kitchen He Saw Her All Aflame

Frank F. Skelly went on the witness stand in his own behalf this afternoon.

Calmly and quietly, he told his story. He heard Mrs. Skelly scream and rushed to the kitchen where he saw her all aflame. It was the same relation of incident that was given by Skelly at the coroner's inquest. He denied the accusations of his wife.

"I was paralyzed," said he when asked if he was conscious of the burns the first few minutes after his wife was burned.

He said he carried \$18,000 life insurance, of which \$10,000 was in the Occidental Life. Attorney Fleming produced the policy and stated it was for \$5,000. Skelly said that when he got it he thought the policy was for \$10,000, and under certain conditions it would be for \$10,000.

Soon after Skelly went on the stand Attorney Bishop asked that Skelly's children be brought into the courtroom. Judge West ruled that it was not proper to do so.

Witnesses yesterday

The last two witnesses examined by the defense yesterday afternoon were C. H. Miller and Mrs. Mary Aldrich.

Miller, city chemist of Los Angeles, qualified as an expert upon gasoline and its relations to ignition.

He said he knew of an instance of gasoline being poured into a tank igniting twelve feet from a laboratory lamp. He had in his own experience known of several ignitions from three to four feet.

"In a room 15 by 9 could a jar ignite?"

"That depends on the currents of air. The vagaries of gasoline are such that it is possible. The nearer the light, the more danger."

Miller said he went to the Skelly home that day.

"Did you see any experiment made burning gasoline on the linoleum?"

"I did. The only effect was to leave a little ring of oil around the edge of the gasoline."

"Did you examine the pantry linoleum?"

"Yes. Against the wall there were charred places. About eighteen inches from the north wall, at a seam, the linoleum was charred. The door was blistered by some former heat. Just inside the pantry door some grocery bills showed marks of burning. There was no blistering on the back of the door. In the kitchen, the ceiling above the gasoline stove was blistered."

On cross-examination, Mrs. Aldrich said she had seen Mrs. Skelly fill the gasoline tank a number of times, only once when the stove was lighted.

"On May 7 in the Skelly kitchen did you not say to Mrs. Cleaver and Dimmick, sister of Mrs. Skelly, 'If Ethel had an accident it was caused by the children monkeying with the stove, because Ethel was always very careful with the stove.'"

"No, sir. I heard Mrs. Lewis say: 'If Ethel dies, Frank can die, too. It is no worse for Frank to die than it is for Ethel.'"

Morning Session.

Mrs. Harriet F. Smith, today's first witness, worked at the Skelly home for two months, two years ago, and

ed. Gasoline ignited has a tendency upward because it is hot. Gasoline ignites in a flash with a tendency to violence."

On cross-examination, Attorney Fleming asked if it were not true that gasoline near an alcohol stove in an open space with currents of air would ignite sooner than in a closed room. Miller said it would ignite sooner in a closed room because the lamp would cause currents of air to go toward it.

Miller said it was not likely that a quart jar of gasoline would ignite at a distance of five or six feet in a closed room.

Fleming asked a number of questions, the sum and substance of the answers being that the ignition of gasoline depends entirely upon vaporation.

Referring to the tank of the Skelly stove, Juror Leck asked: "Is it not true that you could take the tap off that tank, put the tank on a stove and cook a meal?" Miller said: "Yes."

Mrs. Aldrich on Stand

Mrs. Mary Aldrich of Long Beach, said she knew Mrs. Skelly intimately. She said she had seen Mrs. Skelly fill the gasoline stove when the burner was lighted.

"I never knew Mr. and Mrs. Skelly to have a quarrel. She at one time set the tank on the floor and filled it with a fruit jar. I told her not to do it again, and she laughed and said she was not afraid."

"We seek to rebut by this witness the testimony of Witness Wallace that there was a quarrel in the family. I wish to prove by her that Mrs. Skelly said Frank did not get mad, and that Mrs. Skelly said to her that Frank didn't do it," said Bishop.

"That is right," said Mrs. Aldrich before the offer could be ruled upon. The answer was ordered stricken out, and the judge ruled that the offer be rejected.

On cross-examination, Mrs. Aldrich said she had seen Mrs. Skelly fill the gasoline tank a number of times, only once when the stove was lighted.

"On May 7 in the Skelly kitchen did you not say to Mrs. Cleaver and Dimmick, sister of Mrs. Skelly, 'If Ethel had an accident it was caused by the children monkeying with the stove, because Ethel was always very careful with the stove.'"

"No, sir. I heard Mrs. Lewis say: 'If Ethel dies, Frank can die, too. It is no worse for Frank to die than it is for Ethel.'"

The Big Three Coming

JOHNSON

WALLACE

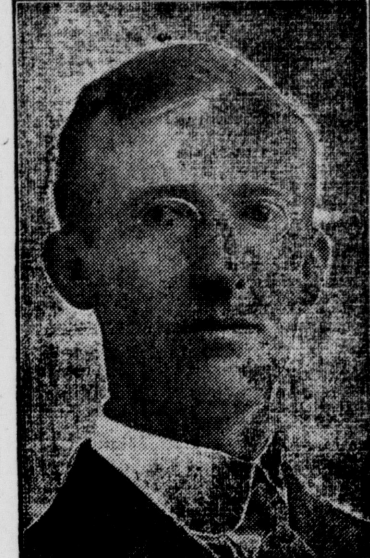

ESHLEMAN

Republican Candidate for Governor

Republican Candidate for Lieutenant-Governor

Republican Candidate for Railroad Commissioner

CLIMAX OF THE CAMPAIGN SPURGEON'S HALL TUESDAY

Probably Also Allison Ware, Candidate for Superintendent of Public Instruction, and Marshall Stimson, the Man Who Is Always on the Job and Never a Candidate for Office.

Arrangements were completed last night for the Johnson-Wallace-Eshleman meeting next Tuesday night.

These candidates for governor, lieutenant governor and railroad commissioner, respectively, will arrive here from San Diego on the train due at 4:52 p.m., and a large reception committee will meet them at the station in automobiles. This committee will be composed not only of Santa Anans, but of gentlemen and ladies—mark the ladies—from all over the county. The Santa Ana Band will be on hand, too, and head the procession up Fourth street. If the train is on time, the autos containing the guests and the reception committee will take a run out North Main street to Santa Clara avenue, and back on Broadway to the Rossmore Hotel.

Mr. Johnson and Mr. Wallace will be entertained at dinner by Mr. and Mrs. J. P. Baumgartner and Mrs. Palmer, and Mr. Eshleman and any others that may come—probably Marshall Stimson of Los Angeles and Allison Ware of San Francisco—will be the guests of Senator and Mrs.

John N. Anderson.

After dinner the guests will be at

Allison Ware, Republican Candidate for Supt. of Public Instruction

the Rossmore Hotel from 7:15 to 7:45 to meet any who wish to call upon them.

Then comes the meeting at Spurgeon's Hall. It will be called to order by J. P. Baumgartner, who will introduce the chairman of the evening, Rev. Chas. H. Seecombe, pastor of the First Congregational church, and announce the list of vice-presidents.

After the meeting all who wish to meet the candidates will have an opportunity to do so.

The reception committee is to consist of EVERYBODY, both ladies and gentlemen, who desire to go to the station and meet the visitors and escort them about town and to the hotel. There will be autos for all who wish to go, and they will leave the Rossmore Hotel at 4:45—a quarter to five—sharp.

At last night's meeting the sentiment was very generally expressed that the presence of ladies on the reception committee and at the hall was earnestly desired, and every gentleman who can should bring a lady or two or three with him to go to the depot and take the auto ride, and then bring them to the meeting in the evening.

CROWDS INCREASE AT BIG ASSEMBLY

Dr. Geisweit Utters Epigrams of Wit and Philosophy; Burdette to Lecture

LONG BEACH, July 29.—The subject discussed at the 11 o'clock meeting yesterday morning of the Baptist assembly was "Out of the Kindergarten," by Rev. W. H. Geisweit, who is making a notable impression on his audiences, which are daily becoming larger. Dr. Geisweit is one of the chief speakers of the meetings and his talks, in a conversational style, have captivated the assembly. The lectures are of an epigrammatic nature and the shafts of wit and philosophy are greatly enjoyed.

Following are some of the more pertinent extracts from his talk yesterday:

"If education and religion are to solve the problem of the black man, even so the same will be good for the white man."

"God will not bless a vacuum, even though it be in your fine head."

"Someone said, 'Do you believe in shouting?' Yes, if a man lives so loud as he shouts."

"It is a man's life that counts rather than his doctrine."

"There are many things around us today that are not of God nor like God. They must go down some time."

"As one goes out of the kindergarten, one asks God for less, and tells him more. God knows what we need better than we do."

"The best prayer of the sick is this, 'Lord he whom thou lovest is sick.'"

Rev. J. W. Conley addressed the meeting, taking for his subject "The Negro."

The morning session was opened by Rev. John M. Dean, who discussed "The Missions in the Local Church." The Ladies' Aid Society held a reception during the afternoon.

The reading of Miss Roena Walters was enjoyed last evening, as was the lecture by Daniel F. Fox.

The program for today included a boys' and girls' meeting in the morning, was followed by a mission study. Later in the day a talk by J. W. Conley on the "Indian" and an address on "Entering Another World" by Dr. W. H. Geisweit was given. This evening Rev. Robert J. Burdette will deliver his lecture on "Orientation."

IS SURE THAT CRIPPEN IS ON HIS SHIP

Captain of Montrose Sends a Wireless to the United Press Today

SAYS MISS LENEVE IS WITH SUSPECTED MAN

Both Unaware That Their Identity is Suspected—Crowds Await Them

ABOARD STEAMER MONTROSE, July 29.—(Wireless to United Press) —"Robinson and son are assuredly Dr. Crippen and Miss Leneve. Crippen attempted a disguise by shaving his moustache and his companion is garbed as a boy. Signed, Kendall, captain of Montrose."

The above wireless was received by the United Press today, following the request for additional information Captain Kendall wirelessly the following:

"I first suspected the couple when the Montrose was two hours from Antwerp. I concluded the man registering as a merchant was Crippen, and the son, registering as a student, was Miss Leneve. I had seen pictures of both and accounts of the case in the London papers. I knew I was not mistaken. The couple are unaware that they are suspected. They are allowed every liberty. Strict watch is kept, however. The other passengers are ignorant of the couple's identity. Crippen reads the newspapers, magazines and novels. He appears nervous and does not sleep well. The girl is sometimes gay and sometimes worried. Often she watches Crippen tearfully. There is no doubt the man is Crippen."

Crowd Awaits Arrival
FEATHER POINT, Quebec, July 29.—This village is crowded today with secret service agents, newspapermen and photographers, awaiting the arrival of the steamship Montrose, which is supposed to be carrying Dr. Crippen, who is wanted by the London police in connection with the murder of his wife, Belle Elmore, the actress.

A very launch available has been chartered by the pressmen and a bitter battle is promised when the Montrose shall be sighted. The Montrose will probably arrive in Montreal Saturday at midnight or early on Sunday. Crippen and his alleged companion, Ethel Leneve, will be arrested and removed to Quebec immediately in order to prevent legal entanglements. They probably will be deported by the Dominion government as "undesirable aliens."

The liner Laurentic carrying Inspector Dew of Scotland Yard is due this afternoon. The Canadian officials must make the arrests, however, Dew merely identifying the suspects. Newspapermen will be barred from the ship until the arrests have been made.

ROME ADDS TO SPAIN'S WOE

Vatican Demands Withdrawal of Objectionable Church Legislation

MADRID, July 29.—The troubles of Alfonso and his cabinet were multiplied today with the formal introduction of the church question into the industrial situation throughout Spain. Premier Canalejas conferred with the king today and urged drastic opposition to the Vatican's demand that the ministry withdraw objectionable church legislation.

The Vatican depends on the overthrow of the ministry to gain its point. The ministers are fighting for their official lives.

Santa Ana Boy Is Drowned In Oregon

Don Chilson, son of Mr. and Mrs. William E. Chilson of 610 Parton street, Santa Ana, was drowned at Myrtle Creek, Ore., to meet his parents as they were on their return trip here. Mr. Chilson had planned to take a hunting trip in Oregon with his son, and expected to arrive in Santa Ana before August 10.

Particulars concerning the drowning have not been obtained. The remains will probably arrive here on Sunday.

Don Chilson was 15 years of age. During vacations he has worked at the Rowley Drug Co. store.

WIFE MURDERER IS SENTENCED TO HANG

George Figueroa Will Die on Gallows for the Brutal Murder of Wife

LOS ANGELES, July 29.—George Figueroa, found guilty of murdering his bride at their home in Santa Monica a month ago, was today sentenced to hang by Judge Willis, of the superior court. Figueroa heard the sentence stolidly, with no sign of emotion. When court adjourned he walked steadily from the room.

Mrs. Figueroa, who was Miss Sarah Pugsley, was found dead in a bedroom in the couple's home. Figueroa attempted to prove an alibi. Figueroa will be taken to San Quentin within ten days. The date of the hanging was set for October 21. When Judge Willis asked the prisoner if there was any reason why he should not be sentenced he replied, "Only one, I am not guilty, Judge."

ENGINEER DEAD— FIREMAN DYING IN RAILROAD ACCIDENT

NEEDLES.—Engineer P. H. Greaney was instantly killed and Fireman Coleman is believed to be fatally injured when a Santa Fe freight engine, No. 957, exploded near McConico, Arizona early today.

Today's accident was the second fatal explosion on this division of the Santa Fe line within a month.

TRACTION CO. MAY RUN CARS TODAY

Three Regiments of National Guard Patrol the City of Columbus

COLUMBUS, O., July 29.—Governor Harmon arrived here today and will probably order the state militia from the city. He will insist that Mayor Marshall and Sheriff Sartin can cope with the situation personally. He believes the local officers called for troops without cause.

Several cars were operated today without violence.

COLUMBUS, Ohio, July 29.—With three regiments of the National Guard patrolling the city, it is not believed today that further rioting will be indulged in by the striking Traction company employees and strike breakers.

Although the company made no attempts to operate cars last night it is believed the regular schedule will be induced today. Strikers gathered early about the car barns, but no demonstrations were reported.

STAGE COACH HELD UP; THUGS GET \$600

SILVER CITY, N. M., July 29.—The Merritt stage coach enroute from Silver City to the Mogollon mountain district, was robbed of six hundred dollars this morning. The robbers escaped after ambushing the coach and forcing the passengers and driver to surrender their valuables at the point of a revolver. A posse is pursuing.

JOHN G. CARLYSLE PROBABLY DYING

Critically Ill of Heart Trouble—Former U. S. Treasurer Is 75 Years Old

NEW YORK, July 29.—Former Secretary of the Treasury John G. Carlyle is critically ill today as a result of heart trouble. His condition has grown steadily worse since Monday, when he was first attacked. This morning another relapse was noted.

There is but little hope of his recovery. He is seventy-five years old and has been practicing law here for fifteen years. He was speaker of the house from 1883 to 1889, later senator from Kentucky and finally secretary of the treasury.

WEATHER FORECAST

Fair tonight and Saturday, except along the coast tonight. Light west wind.

NIMRODS PICK OFF THREE BUCKS—HOPE OF SECURING MORE

Last Monday evening Frank Rogers and three brothers and Ed Doyler of Garden Grove, and his brother Roy of Whittier went into the hills above Salidad, near Saugus for a deer hunt. They sent home one big buck to Garden Grove and word has been received that they have gotten more. They hope to make the number five by Saturday evening.

Petition of P. E. for Assessment Reduction of \$169,000 Denied

The board of equalization this morning denied the petition of the Pacific Electric for a reduction of \$169,000 on its assessment in Orange county. The petition was put in early this week by S. L. Holt, tax agent for the railway. He stated at that time and again this morning that the assessment was too high in comparison with the assessment of Los Angeles, which while higher than the Orange county assessment per mile had cost a great deal more per mile to build, and the income there was greater.

The board of equalization went into the matter carefully, and came to the conclusion that Assessor Scott had put none too high a figure upon the Pacific Electric property in this county.

One item in the assessment was changed. Holt showed that at one place the deputy assessor had reported 2.59 miles of double track where there was but a single track. That correction was made, reducing the assessment \$12,950.

The board took an item of \$600 off the roll that stood assessed to Mark Lacy. The assessment was made on the belief that Lacy had that amount deposited in a bank here on March 1. The error was found and corrected.

The board of equalization meets tomorrow morning, and at that time will adjourn for the year. Since meeting it had had but three petitions for changes, the two mentioned above and that of W. T. Newland of Huntington Beach, in which latter case an assessment of \$40 an acre was reduced to \$20.

THE BISHOP'S LAST SERMON

Huntington Beach Camp Meeting Leader Has Closed His Work There

HUNTINGTON BEACH, July 28.—Bishop Hughes preached from John 14:18: "I will come to you." "The second coming of Christ is a doctrine of the church," said he. "We do not fix any time, as the Adventists did in 1844. Jesus is coming to every believing heart all the time."

Remarking on the words, "I will not leave you comfortless; I will come to you," he said: "Christ comes to us in the songs of the bobolink and the thrush, in the fragrance of the flowers and in the whispers of the wind. Christ comes to reveal His word. He comes to be our leader." The preacher observed that Phil Sheridan was worth 1000 soldiers at Winchester; Christ as a leader is worth 10,000 soldiers.

It was the bishop's last sermon, and was very interesting.

Chaplain Wilson of the Soldiers' Home preached from the text: "Behold the Lamb of God, which taketh away the sins of the world." He said the general impression is now that God is too good to damn anybody and man is too good to be damned. The modern church has no conception of the nature of sin. Conviction of sin is not as pungent as it used to be. We do not dare to unfold the exceeding sinfulness of sin; hence, "they that are whole have no need of a physician."

He touched up the "frats" and sororities as leading young people away from God and the church. He also denounced card-playing, theater-going and all abnormal recreations.

The German Methodists were here in force today.

Prof. McConnell preached in the afternoon, with great power. He will be here over Sunday. The special car for Los Angeles last evening was crowded with camp-meeting people.

UNCLAIMED LETTERS

Letters addressed to the following parties remain unclaimed for in the postoffice at Santa Ana, Cal., for the week ending July 30, 1910.

SMITH'S ADDRESS FINE LECTURE ON NATIONAL AFFAIRS

The address of Hon. S. C. Smith, to be delivered at Spurgeon's Hall tomorrow (Saturday) afternoon at 3 o'clock, will be the most interesting event of that sort our people have been favored with this summer. Mr. Smith's talk will be of a non-partisan nature, being really a lecture upon national affairs and governmental methods and policies. Among the topics to be touched upon will be the tariff, conservation, what congress has accomplished and its plans for the future, how is it organized and the system under which it does business, why its committees are necessary and the responsibilities that are imposed upon them—in fact a general symposium on our national affairs.

It is Mr. Smith's idea that a congressman should report to his constituents at least once in two years and he will do so to his many admirers in this county in his address tomorrow. He always has much to say which is of special interest to the ladies, and it is hoped that as many of them as possible will hear and meet

our congressman. There is nothing dry in his talks, and his clear, forceful logic is well attested by the important places he holds in congress, chief of which is perhaps his membership on the new rules committee, which was selected from 400 of the very brightest men of this country.

It might be well to mention the particular interest this address will contain for students, and those of the higher grammar grades and in the high school who can should certainly hear it. They will be entertained and instructed and will learn much of the practical affairs of this nation which are not, and can not be covered in text books.

Mr. Smith enjoys the well-earned esteem and confidence of the people of Orange county, and everybody, regardless of party or faction should be glad of the opportunity to hear him on this occasion.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, flat breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress, "small of back," yawning or distressed feeling in stomach, perhaps nausea, or "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to it as long as you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the disease for which it is advised.

Don't accept a substitute of unknown composition for this non-secret medicine of known composition.

BROUGHT A BUCK INTO ARBOR VALE

SAN JUAN HOT SPRINGS, July 28.—Sunday Ira Leck of Tustin brought a buck into Arbor Vale. It was the first wild deer he had ever seen alive.

The Misses Richter of Santa Ana, Mr. DeYoe of Los Angeles, Mr. Oaks of Stockton, George Kryhl of Santa Ana, Mr. Jones and son and Mr. Wilson of Los Angeles, and Miss Johnson, a Santa Ana teacher, are recent arrivals at Arbor Vale.

If you want to join the C. R. Trickey Rental Club without an advance payment get your application in before August 1, 1910. 75c per month is surely cheap enough. Why hesitate? Phone 430, or leave address at Trickey's grocery.

—Bring your walnut meats to the Dragon.

HAPPY CONDITION IN KANSAS CITY, KANSAS

KANSAS CITY, Kas., July 29.—There are not enough drunkards' wives in this city to keep the home founded by Carrie Nation going, and the property may be given back to her. That pleasant condition was admitted today by Peter W. Goebel, president of the Associated Charities.

Summer School a Big Success
—More than twice as many students are daily in attendance at Orange

County Business College this summer than last year when a summer school was conducted for the first time in Santa Ana. Everyone said: "It can't be done," but President J. W. McCormac who purchased this local institution last year knew it could be done and did it. All who enter August 1st for a full course will have their scholarship dated Sept 1, thus giving them August free. Ask for catalogue and special offer today. 117½ East Fourth street, Santa Ana. - 194—\$32,000 Corona, 20 acres oranges and lemons. Want Pasadena improved.
- 195—\$15,000 .5 acres improved; ripe for subdivision. Submit two or more pieces of property.

FELL FAINTING INTO WATER

Woman at Placentia Promptly Rescued—Cutting Beets at Buena Park

FULLERTON, July 28.—While stepping across a large irrigation ditch near her home in Placentia last evening, Mrs. J. A. Smith slipped and fell into the water, spraining her ankle as she tumbled. The pain caused her to faint, and only the prompt arrival of members of her family, who heard the noise of her fall, prevented her drowning. Mrs. Smith was quickly resuscitated, but will be confined to her home for some time with her injured ankle.

Beet harvesting has commenced in the Buena Park section, and the fields are daily dotted with workmen, cutting one of the largest crops ever grown in this vicinity. The greater part of the beets will be handled by the two sugar factories in this county, although some will be shipped to Chino.

B. G. Balcom, E. E. Balcom, and W. R. Collis, appointed to appraise the estate of Bella McAdams, deceased, placed it at \$3336.55, consisting of cash in the First National Bank of Fullerton, Thomas Strain, A. T. Pendleton, and A. S. Bradford have appraised the estate of Lucy J. Devonshire at something over \$25,000. It consists of notes and personal property.

A 500-barrel flowing well has been brought in by the Pico Oil Company in Brea Canyon. The hole is 2700 feet in depth.

Seventeen cars of fruit were shipped from the local Santa Fe depot this week. This is a slight increase over the previous week, owing to activity on the part of fruit shippers who are beginning to pack Valencia in earnest.

PREPARES SYSTEM FOR HOT WEATHER

Remarkable Results of Robinson "Thermal" for Rheumatism, Nervous Breakdown, Kidney Trouble, Skin and Other Diseases

Does What No Drug on Earth Can Do.

The results produced by a Robinson "Thermal" Bath inside of 30 minutes are almost beyond belief. Physicians everywhere are changing from drugs to thermal baths in the treatment of many diseases.

It has been found, for instance, in the case of rheumatism, that uric acid in the blood can be extracted from the system completely in a few days' time.

Eczema can be completely cured within a week.

After one or two thermal baths, nervous wrecks find the change to strength and vigor hard to realize.

Similar results are obtained in cases of kidney trouble, neuralgia, pimples, all skin diseases, throat and lung trouble, insomnia, constipation, lumbago and bad colds.

This is to certify that the undersigned, a resident of Newton, Iowa, was afflicted for twenty-one years with asthma, heart trouble, kidney trouble and rheumatism. I had taken everything known to medical science, together with three seasons at Mineral Springs, without receiving relief. I commenced taking the thermal baths in the Robinson Thermal Bath Cabinet four years ago and was completely cured. I continue the use of them, taking the baths every week for keeping clean.

L. B. WESTBROOK, Newton, Iowa.

Whatever your disease or ailment, get a Robinson Thermal Bath Cabinet, and you will not only cure yourself quickly but realize as you never did before what real vigor and health are.

The best remedy for sluggish blood and spring fever.

The Robinson Thermal Bath Cabinets are on exhibition and for sale in Tustin at the Tustin Drug Store, and in Santa Ana at Rowley Drug Co.

Go and examine them. Ask also for the book of the century, "The Philosophy of Health and Beauty," price \$2.00, but given away free for a limited time.

—There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Sues for Divorce

Suit for divorce was begun in the superior court here yesterday by Charles V. Imeson against Lavann B. Imerson. Imeson and Radabaugh of San Diego, are attorneys for the plaintiff.

SHALL CALIFORNIA BE FRISCOIZED?

It is quite evident that Pat Calhoun will "go hence without delay," so far as the seventeen indictments against him are concerned. On the failure of District Attorney Fickert to get the court to dismiss them, Calhoun has applied to the supreme court for a writ of habeas corpus, and Fickert is on hand to lend his consent. Our court of last resort has already shown itself out of sympathy with the prosecution in the graft cases, and will not go to any great lengths to sustain the indictments. There were great stakes at the last San Francisco election and the law-enforcing element lost out. This same fight is going on right now in the state at large, and if we are not to be San Franciscoed, every law-abiding citizen will have to get to the poles on August 16th.

Again a few "revolutionists" have taken to the woods in Cuba, and the island has reverted to its normal conditions of insurrection. As usual no one over there knows what the trouble is about, and it is probable that there is no special cause for it. May be the time has come for an upheaval, and no doubt it has been started on general principles. When it gets bad enough Uncle Sam will be called upon again to throw oil upon the troubled waters in the shape of a military equipment sufficient to restore order. But this is getting a little monotonous, this sacrificing of the lives of our boys for the benefit of a turbulent and unruly people. Twice we have done this and the third time will be the charm that will lure us to remain. If Cuba is to become a permanent ward of this country, it goes without saying that it must come under jurisdiction.

If "the man Roosevelt praised" has his thanks recalled in the same ratio signers of his petitions are asking that their names be stricken from his petition, "the pride of Southern California" and the Los Angeles Times—P. A. Stanton candidate for governor—will need the support of more than the Japs to be in the running on August 16. Stanton's friends rushed the voters early in the campaign and signed up a lot of people before they had seen the latest edition of "Who's Who." Now they are asking to be relieved. Dr. A. B. Austin of Long Beach is one who has requested that his name be taken from the list of supporters of the Time's man, but it seems that there are no names to spare and the request has been ignored. So Dr. Austin speaks right out in meeting and tells about it—and says "There are others." We have heard of "others" in Orange county.

Anent the continued jingo talk concerning this country and Japan, it is reassuring to listen to the voice of a man who is in a position to know what he is talking about. The announcement of Secretary of War Dickinson that "war with Japan is not a possibility unless wisdom is discarded," is particularly welcome at this time when the politicians are playing to the galleries.

Johnson Defines His Stand for Orchardists

Hiram W. Johnson, in a letter to the Lincoln-Roosevelt Republican club of San Bernardino, defines his "insurgency" in the following vigorous language, which every honest Republican should read:

"The sole issue in this campaign is whether the government of the state of California shall be given back to the people to whom it belongs, or whether it shall remain the asset and chattel of William F. Herrin and the Southern Pacific Railroad company.

"Upon this issue the newspapers representing the Southern Pacific company and the 'Interests' dare not say one word; but, in the hope of deceiving the people some of the organs of the 'Interests' in the Southland are endeavoring to transmute the contests into a tariff debate, and are, with the press of the Southern Pacific, by misrepresenting insurgency and pretending that all progressive Republicans stand for free trade, attempting to beg the issue and divert the minds of the electorate.

"It is true that I am what is termed an insurgent and progressive Republican. In more than 50 speeches, in as many different places, I have defined my insurgency, and I quote from those speeches that are now matter of record, my declaration upon this subject:

"We are insurgent and progressive Republicans. And, that there may be no misunderstanding regarding insurgency, permit me to define it to you. Insurgency means opposition to the looting of the people by the unholy alliance between big business and politics. It stands for true protection, and believes in protection for every calling, pursuit and industry requiring protection. It sturdily fights the

use of the tariff for the enrichment of the trusts. It does not represent in any aspect free trade, and the Southern Pacific organs that pretend that insurgency is allied to free trade or opposed to the tariff required by the fruit grower, deliberately falsify the fact.

"In common with all Californians, and indeed, with the spirit of insurgency, we all favor the tariff necessary to the orchardists of the south. Insurgency believes in control of the interests by the government, not in the control of the government by the interests; and in this last principle lies the full measure of its offending."

"Of course, no fair-minded person or newspaper can misunderstand these words of my principles. It is simply downright falsehood to say that insurgency represents, or that I stand for, free trade. Such statements as these in the San Bernardino Sun, that I am in league with the political elements that will go as far as they can to destroy every industry that now thrives by virtue of protection, are simply untrue. This method is taken by those papers who represent and respond to William F. Herrin and the Southern Pacific company to befool the people and while they prate about protection, their whole concern is to continue Herrin and the Southern Pacific company in control of our party and our government.

"What have these papers to say about the theft of the tariff by the railroad companies, that the last congress gave the people of the south? It is this sort of theft that we fight, not the tariff that may be required by the orchardists or the fruitgrowers.

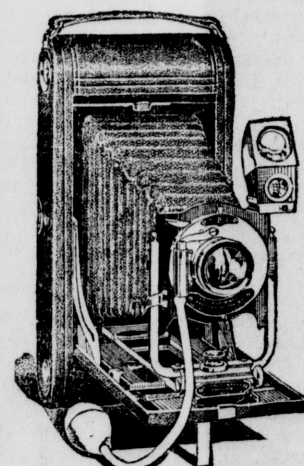

"It is protection of this theft that those Southern Pacific newspapers de-

sire; not the protection of the fruit-growers.

"The fight is won. The Southern Pacific and Herrin are all but eliminated from this government and from our party. The only problem is, can such papers as the San Bernardino Sun divert the thinking people from the real issue by misrepresentation."

ROWLEY DRUG CO.

WESTINGHOUSE IS OUT OF PRESIDENCY

NEW YORK.—Directors of the Westinghouse Electric Manuf., Co., today forced George Westinghouse to relinquish the presidency, and seated Edward Atkins, of Boston.

The retirement of Westinghouse means that the Kuan-Loeb Company is now absolutely in control of the Westinghouse factories. They became active in the company affairs in the recent panic when it became apparent that the company might suspend. An entire new board will probably be elected.

TROOPS BACK THE EXILES

MADRID, July 29.—Thousands of Spanish exiles gathered on the Franco-Spanish frontier were prevented from entering Spain today by troops patrolling the border. The exiles, determined to reach Barcelona to participate in the proposed anti-monarchical demonstration, were frustrated in a dozen

attempts to rush the boundary. No serious clashes were reported.

This was the official statement issued here today. No mention was made of the conditions in Barcelona, where a general strike is threatened.

Don Jaime Leads Exiles
CEREBERE, France, July 29.—Scattered conflicts between the Spanish exiles seeking to re-enter Spain and the soldiers were reported today. Few details are obtainable except through the censored government dispatches. Don Jaime, pretender to the Spanish throne, is leader of the exiles and serious clashes are feared.

Bridge Whist Party

Mrs. Alice Harris charmingly entertained with bridge yesterday afternoon in honor of her guests, Misses Blanche and Laura Naylor of San Diego who are her house guests.

There were four tables of players and the first prize for high score went to Miss Pauline Davis, with Miss Stella Preble securing the consolation.

Besides the hostess and the guests of honor, the Misses Naylor, those playing were Mesdames Jas. Rice, Krauss, Kingston, Turner, Arthur Lyon, T. E. Stephenson, W. E. Winslow, Hatzfeldt, C. M. Jordan, Misses Pauline Davis, Rosa Boyd, Vivian Naylor.

Back From the East

Fred Ross returned last night from his eastern trip lasting a month. Mr. Ross was a delegate to the Elks convention at Detroit and is enthusiastic over the success of that splendid event and California's part in it. The Southern California exhibit was housed in a prominent downtown room at a big hotel and attracted attention from thousands.

From Detroit, Mr. Ross went to Columbus, Ohio, and later to points in Kansas where he visited old friends and relatives. He looks the picture of health and happiness despite the hot weather he encountered in the East, and avers that he had one of the times of his life.

Wedded Wednesday

Orange News: One of the most brilliant of this season's home weddings took place last evening when Miss Myrtle Parker, daughter of Mrs. Jennie E. Parker, was united in marriage to Bert Marion Carner of Alameda. The wedding occurred at the home of the bride's uncle, Mr. Elmer Hayward, of South Cambridge street.

COMPROMISE IS ENTERED INTO

Reagan and His Wife's Daughters Enter Into Agreement in Contest

A compromise has been entered into to settling the contest that was entered by M. F. Reagan to the will of his wife, Julia A. Reagan, who died on March 18, 1909. The will left the property to two daughters of Mrs. Reagan, Mrs. Emma L. Banta of Oakland and Mrs. Elsie N. Longacre of Los Alamitos. Reagan entered a contest, asserting the property was community property, or, at least, that he was entitled to recognition in the settlement. Today an agreement between Reagan and the two daughters of his wife was filed in the superior court, showing the settlement. By this agreement Mrs. Longacre receives property at Los Alamitos, Mrs. Banta property at Riverside and Reagan property at Los Alamitos and \$1000.

School of Instruction.

The school of instruction to be held by the Rebekahs of District No. 50, will begin on August 6 instead of August 12 as announced yesterday. This change is made necessary because of the expected departure of the instructor, Mrs. Madison, for the east before the 12th. All wishing information as to transportation call on Mrs. Liebig. Pine and Walnut streets.

—Bring your walnut meats to the Dragon.

MARRIAGE LICENSES

10 TONS OF SEED FOR RE-STOCKING NATIONAL FORESTS

WASHINGTON, D. C., July 29.—The U. S. Department of Agriculture is using this year on the national forests over ten tons of tree seed. Most of this seed has already been planted or sown. The rest will be utilized later in the season, as favorable conditions are presented.

It takes a great many tree seeds to make ten tons. Jack pine, the most important tree for planting in the Nebraska sand hills by the Forest Service, will average something like 125,000 to the pound. Of western yellow pine, the tree most exclusively planted throughout the national forests as a whole, 10,000 seed will make a pound. Altogether the ten tons of seed to be used this year represent perhaps 300 million single seeds.

If every seed could be depended on to produce a young tree suitable for planting, the result would be a supply of nursery stock sufficient to plant three hundred thousand acres of land, but no such result can be looked for because many seeds do not germinate. Most of the seed will be sown, either broadcast or in seed spots, or planted with a corn-planter, directly in the place where the trees are to stand.

Even when nursery stock is raised a liberal allowance must be made for loss. In the first place, a considerable percentage of the seeds will be found to be infertile. Of those which germinate, many will die before they leave the nursery beds, and many more will be lost in transplanting. If from a pound of Western yellow pine seed that contains 10,000 individual seeds, 4000 three-year-old transplants are available for field planting, the Department of Agriculture has obtained satisfactory results.

There are now twenty-four national forest nurseries with an annual productive capacity of over 8 million seedlings. But there are many millions of old burns on the national forests which are waiting to be restocked, and some quicker and cheaper method than the actual planting of nursery-grown trees is urgently needed. Therefore the foresters are making experiments on a large scale with different methods of direct sowing and planting, and most of the seed gathered last year was obtained for this use.

Broadcasting has already been found to give good results in some regions. It was first tried in the Black Hills of South Dakota, with an encouraging outcome. To broadcast an acre of land with yellow pine seed about 8 pounds of seed is used. One of the most formidable drawbacks to this method is the extent to which the seed may be consumed by birds and rodents. If the season happens to be one in which food for these animals is scarce, the loss is very heavy. The problem of control of animal pests, such as field mice ground squirrels, and gophers,

which eat the tree seeds, and also the further problem of preventing the depredations of rabbits, which are altogether too fond of the little trees themselves, whether nursery transplants or field-grown seedlings, is receiving the attention of the Biological Survey experts of the Department of Agriculture.

In some localities the Department has had to purchase seed, but most of that used is gathered by Forest Service men themselves. The cost of gathering has varied for the different regions from thirty-five cents to one dollar a pound. As a rule the seed is collected in the fall months, when most conifers ripen their seed. Parties of three or four men ordinarily work together. Where lumbering is in progress the collectors follow the sawyers and take the cones directly from the felled trees. In standing timber, the task is much more arduous. The men must often climb pines and pull the cones from the branches as best they can. Where these are on the extremities and beyond the reach of the hand, pruning shears are used. The cones are dropped to the ground and then gathered into buckets and transferred to sacks, in which they are carried to a central point for further treatment.

The extraction of the seeds is tedious rather than difficult. In some cases the cones are spread out upon sheets in the sun, when after a time, they open and the seed drop out; in other cases it is necessary to resort to artificial heat. This is applied by placing the cones upon trays with screen bottoms and raising the temperature of the room to the proper degree. The cones open, the winged seeds fall out, and the seed is separated finally from wings and dirt by a fanning mill. A good many seeds have been removed from the cone by hand, but this is a sore trial to the fingers of the pickers, and an exceedingly slow process.

INSTANT RELIEF FOR SORE FEET

Sore Feet, Tender Feet and Swollen Feet Cured Every Time—TIZ Makes Sore Feet Well No Matter What Ails Them

Policemen all over the world use TIZ. Policemen stand on their feet all day and know what sore, tender, sweaty, swollen feet really mean. They use TIZ because TIZ cures their feet right up. It keeps feet in perfect condition. Read what this policeman has to say: "I was surprised and delighted with TIZ for tender feet. I hardly know how to thank you enough for it. It's superior to powders or plasters. I can keep my feet in perfect condition. Believe in my earnest gratitude for TIZ. I am a policeman and keep on my feet all day."—Emzy Harrell, Austin, Texas.

You never tried anything like TIZ before for your feet. It is different from anything ever before sold.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all druggists at 25c per box, or it will be sent you direct if you wish from Walter Luthier Dodge & Co., Chicago, Ill.

El Modena, Cal., July 21, 1910.
Messrs. J. C. Williams & Son, Orange, Cal.

Gentlemen: Referring to my Weber wagon, which I purchased nine years ago, will say that I have given it very hard usage and it is still in good condition. The tires have never been reset, although the wagon has stood out in all kinds of weather. I can heartily recommend the Weber to anybody requiring a first class wagon.

Truly yours,
WALTER HELWIG.

11-YEAR OLD BOY GOT BUCK

Russell, Son of Ed. Adkinson,
Killed Fine Spike in the
Trabuco Hills

Russell, the 11-year-old son of Ed. Adkinson of Trabuco canyon, brought down a big spike buck with a rifle last Saturday. The boy was in the hills of the Trabuco, near his home, when he ran onto the buck. It was the first deer he had ever shot at, though he had seen them before. He fired eight shots at the buck, four of them taking effect. Ed. Adkinson, the father, is one of the best hunters in the county, and his boy seems bound to follow in his father's path so far as the rifle is concerned.

FORECLOSURE SUIT BEGUN

Mrs. Hoyt Sues Those to
Whom She Sold 900-acre
Ranch at El Modena

Mrs. Anness A. Hoyt of Pasadena, formerly of Orange, has begun a foreclosure suit in the superior court against Francis E. and Elsie V. Crawford, to whom she sold her 900-acre ranch at El Modena two years ago. The complaint asks foreclosure upon a \$20,000 note given at the time of the sale of the foothill ranch.

The complaint, filed by Attorney Willett of Pasadena, states that on March 14, 1908, Crawford and his wife signed two notes given to Mrs. Hoyt, one for \$1500 payable in a year, and the other for \$20,000 payable in ten years. The \$1500 note has not been paid. None of the principal of the \$20,000 note has been paid and but \$1610.50 of the interest. There is now unpaid interest on the note. Hence the foreclosure action.

S ANGELES PRODUCE MARKET

The season for walnuts and almonds rapidly approaching and estimates already made. Growers figuring the crop of walnuts this year to be just the same as that of last year, with probably a few cars over. All of the walnuts of last year were bought up early and the market already cleaned up with the exception of a few bags held by individual dealers who hold sufficient to supply their small retail trade. It is expected that prices this year will be considerably higher. Last year market opened at 11½ cents on load lots, f.o.b. shipping point. This year a number of brokers claim Association price for opener will be about 12½ cents. The Association holdings this year will be smaller than last, only about 70 per cent of the growers having signed up. Last crop will amount to about 10 tons. About half the almond crop is handled through the association. Prices will range from 15 to 17 cents a pound, according to quality, which is about 2 cents higher than last year.

Staples were not in very heavy demand yesterday morning, it being the first day of the week. Egg receipts were 174 cases. The market on this date advanced to 33 cents on case stock and to 29 cents on case stock. Eastern varieties were not in demand and trading light.

The prices on butter were all stationary. Buying was limited to the ordinary channels. Receipts of butter were 37,498 pounds. Outside quotations were steady. Long horn, daisy and Edam cheese were the heavy offerings of the day. Also constituted the selling varieties. Edam sold as low as \$7.25. Receipts of all varieties totaled 3121 lbs. Potatoes were slow in action. Lots were freely offered at \$1.25 per hundred, indicating weakness. High priced receipts have been light, only a few scattered arrivals having been reported in three days. Total receipts all varieties were 840 sacks. Onions were unchanged. Arrivals were 3 sacks. Garlic sold at 6 cents yesterday among jobbers. Sweet potato arrivals were 90 cks. Price was fixed to 3½ and 4 cents on the sweets. Apple arrivals were 714 boxes. There were practically no changes in fresh fruits. Berries were in good demand. Raspberries sold at 6 cents per bushel. Blackberries and Logans continued scarce. Mackerel, barracuda and halibut were the most plentiful large fish on hand. Clams were also plentiful. Melt and sanddabs were the only small fish obtainable.

WILL NOT AID NOMINATIONS

Roosevelt Says He Is Not Taking Part in California Campaign

NEW YORK.—Col. Roosevelt today declared he is taking no part in the Republican gubernatorial contest in California. He denied that he is backing Hiram Johnson, the Lincoln-Roosevelt League candidate.

The statement was issued following circulation of the report that Roosevelt with Pinchot, favored Johnson. E. D. Stanton, brother of Philip Stanton, the latter also a candidate for the gubernatorial nomination, visited Colonel Roosevelt in his offices at the Outlook. After he had departed, Roosevelt issued the following statement to the press.

"I told Mr. Stanton I refused to

participate in any contest concerning any nomination. I had said this before. I would like to add that I don't think it necessary to say it again. If I participated in one, I would have participated in hundreds."

SKELLY ON WITNESS STAND TESTIFIED IN HIS OWN BEHALF

(Continued from Page One)

found the relations of the couple very pleasant. At that time, Mrs. Skelly used a quart jar to fill her stove tank with gasoline. On cross examination by District Attorney Davis, Mrs. Smith said Mrs. Skelly was sick

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

Pleasant, Palatable, Potent, Taste Good. Do Good. Never Sickens, Weakens or Grips. 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C.C.C. Guaranteed to cure or your money back. 50

in bed most of the time she was there, and Mrs. Smith could not remember ever seeing Mrs. Skelly fill the tank.

C. McNeil, contractor, testified that on July 15 he examined the Skelly house at Westminster. He made measurements and observations. The ceilings over the stove and of the pantry were blistered. A part of the ceiling of the pantry had been protected by a shelf. Bits of paper taken from the corner of the pantry next to the stove, showing burning, were introduced as evidence. The front of the pantry door was blistered, the back free from blistering. Gasoline poured on the linoleum burned up without leaving any mark on the linoleum.

The prosecution raised the question as to whether or not the pantry was in the same condition on July 15 as it was on May 6, and the defense ordered that J. F. Patterson, who was present when McNeil made his investigation, be brought in from Westminster to prove the point.

L. J. Aldrich of Long Beach said he had been a close friend of the family for seven years. He had been in the pantry several times, the first time May 7. The ceiling is blistered as though fire had covered nearly all of it. As a painter he had had much experience cleaning paint from wood by burning with gasoline. He had examined grooves of paint in the pantry and found evidence of burning. There were indications of fire nearly all over the pantry as well as above the gasoline stove.

"I never saw any unfriendliness in all the visits with the Skellys," said Aldrich.

"On May 7, in the kitchen did you not say to Mrs. Cleaver and Mrs. Lewis: 'I know there has been trouble here for the last year. I don't know what it was over. I think it was over the children. I think Mrs. Bradley is at the bottom of it.'"

"I did not. I will be very glad to tell what was said though."

Mr. and Mrs. Lewis said they suspected foul play and thought Frank had something to do with it. Mrs. Lewis said: "If Ethel is to die Frank will have to die, too. It is no worse for Frank to die than it is for Ethel, I said 'you'll have to show me.'"

The last sentence was stricken from the record.

The prosecution called Mrs. Aldrich for cross-examination.

"On May 7, did you not say to Mrs. Cleaver and Mrs. Lewis: 'It was no accident of Ethel's. She never filled the tank with a glass jar.'"

"No, sir. I never did." Court adjourned to 1:30 o'clock.

Afternoon Session

Juror Bunyard was tardy and delayed the opening of the afternoon session several minutes.

J. F. Patterson was called and stated that on the visit of C. McNeil at the Skelly home, the pantry and other objects were in the same condition as on May 6. Bishop stated McNeil was there on July 15.

Skelly's Testimony

"I am 46 years old. I have two children and my mother living. My girl is 7 years old and my boy 5. 'Bring them in,' said Bishop to Rutan.

Attorney Fleming objected on the ground that the children were not issues in the case. The objection was sustained.

"On May 6 I got up at 6 o'clock. I dressed myself, went through the house, called my wife to get up, fed the chickens, opened the gates to the yard.

"I went back to the house to get my vest. I went into my bedroom in the front of the house and looked for the vest and turned to leave when I heard screams. I hastened to the kitchen and saw my wife aflame. I

grabbed her skirts and tried to throw them over her head.

"She was hard to hold. I seized a dipper and threw some water on her, holding her with my left hand. She tore away, tearing a part of her dress. I thought she was going to the well, but she turned. I went to the well looking for a bucket. I found none and lost a moment's time.

"She was around the fence. I ran along the fence and jumped over. She turned and ran and fell. I tried to smother the flames with my hands. Someone threw me a quilt and I smothered the flames.

"Mr. Cavanah carried her into the house and we helped her there. Mr. Hagan asked for water and he and I went to the well and got a tub of water.

"Did you or did you not throw gasoline upon her?" asked Bishop.

"I did not."

"Did you love her?"

"I did."

"Did she love you?"

"She did."

"Did she make a good wife?"

"She suited me."

"Immediately after taking her into the house, you helped take off her clothes?"

"I did."

"Did you hear Mrs. Skelly make any statement?"

"She said 'Frank has murdered me.'"

"Why did you do it?" I said 'No, Ethel, I did not do it.' I made that denial several times. I heard her tell Mrs. Frost it was her fault."

"State the words."

"She said 'I was filling the tank with gasoline.' I was burned badly."

"How long before your wounds were attended to?"

"Twenty-five or thirty minutes."

"Did you notice any hurt?"

"I didn't notice pain. I felt paralyzed."

"Were you shocked?"

"I was."

"How much insurance were you carrying?"

"For Mrs. Skelly \$17,000 and \$1000 for my mother."

"You may take the witness," said Bishop.

Attorney Fleming cross-examined Skelly. "What insurance did you carry?"

"It was \$1000 in Foresters, \$2000 in the Brotherhood, \$4000 in Bankers Life, \$10,000 in the Occidental and \$1000 in the North American. I think they were all paid up."

Fleming asked if it were not true that he had only \$5000 policy in the Occidental. The policy was produced and it was for \$5000.

"Mr. W. H. Perry of Los Angeles was agent for that company and he told me it was for \$10,000. I did not read it. I paid premiums on the policy."

Juror Rimpau asked if it were not true that under certain conditions, death in a railway accident, the policy called for \$10,000.

"Yes sir."

"You had no angry words with your wife the night before?"

"I did not."

"Never had any trouble?"

"No sir."

"I was about three feet from my wife when I first saw her."

"Generally I called my wife in the morning by knocking on the partition. I do not know whether that morning I knocked or called her by name."

Attorney Fleming then took Skelly statement by statement over the direct examination concerning his movements on the morning of May 6.

"When your wife screamed, what words did she utter?"

"No words. It seemed to be a continuous scream."

"Was the pantry door open?"

"Wide open."

AUTO STRUCK TWO KILLED

Train Bearing Husband to His Family Killed Wife and Child, Hurting Others

FRESNO, July 29.—Their automobile struck by a train carrying their husband and father, whom they were hurrying to meet, Mrs. J. E. Kleinsaffer and her daughter Mary, aged 9, were almost instantly killed, the son David, aged 19, fatally injured, and son Joseph, aged 12, seriously hurt, near Reedley early today.

The family came from South Dakota recently. The mother and children were driving to Fresno to meet the father who was returning from an eastern trip.

David was driving when the accident occurred. He sent the auto rapidly over the tracks behind a freight train that had just passed. The freight hid the passenger train speeding toward Fresno.

Mary's body was hurled fifty feet and the child was instantly killed. Mrs. Kleinsaffer attempted to leap from the car and was caught in the wreckage and her head crushed.
